CALLS LIVESTOCK RAISING WEAK -- Borba, No 116, 16 May 50

Belgrade, 15 May -- At a recent meeting of the Assembly of the Main Federation of Cooperatives, Mijalko Todorovic, chairman of the Council for Agriculture and Forestry, stated that livestock raising is the weakest agricultural category in Yugoslavia.

On 100 hectares of arable cooperative land, there is an average of only 14.7 head of cattle, 62 sheep, and 55.7 pigs. According to Todorovic, such an area should have at least 36 head of cattle, 81 sheep, and 35 pigs.

The situation is especially bad in the Vojvodina and Slavonia. In the Vojvodina, for example, on 100 hectares of arable cooperative land, there are only 5.3 head of cattle, 18.3 sheep, and 22.7 pigs.
